FOR IMMEDIATE RELEASE

NEW YORK, NY-- Rocky Mountain College Flight has been selected for the 2010 Best of Laurel Award in the Aircraft Schools category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2010 USCA Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

The RMC aviation program, which educates and trains individuals to be professionals and leaders in the aviation industry, is one of only about 30 colleges or universities accredited by the Aviation Accreditation Board International, which confirms the quality of the entire program.

The second largest major at Rocky, the aviation program is built on the foundation of a strong liberal arts education.

U.S. Commerce Association (USCA) is a New York City based organization funded by local businesses operating in towns, large and small, across America. The purpose of USCA is to promote local business through public relations, marketing and advertising. The USCA was established to recognize the best of local businesses in their community. Our organization works exclusively with local business owners, trade groups, professional associations, chambers of commerce and other business advertising and marketing groups. Our mission is to be an advocate for small and medium size businesses and business entrepreneurs across America.
