

Minor in Biology Education Advising Worksheet – See also Course Catalog

A minimum of 23 semester hours in BIO courses, including:

Course Number	Course Title	Semester Completed	Grade	Credits
BIO 120	Principles of Biology			
BIO 203	Genetics			
BIO 306	Evolution			
BIO 321	Human Anatomy and Physiology I			
BIO 415	Ecology			
Choose one of the following:				
BIO 311	Botany			
BIO 317	Ornithology			
BIO 350	Microbiology			
Additionally, one chemistry course with a laboratory component is required.				

Note: In order to complete this minor, students must also complete the requirements for the education program as described in the “Education” portion of the catalog.

This worksheet is only a tool to help in the advising process. Please refer to the course catalog to verify additional degree requirements. Students should meet with their advisor regularly and keep track of progress toward their degree.
