

April 3, 2020

Dear Colleagues,

We hope all is well for you and your families. We have a two announcements and one correction:

- Registrar Kyle Pratt would like to remind you that graduation applications are available at the following: <https://www.rocky.edu/academics/office-registrar/graduation>.
- Last year, as most of you know, faculty contracts were sent out on May 1. There will be a delay this year, likely until June 1, but there is a possibility we may be able to issue them earlier. We know this is an area of considerable concern, and we are respectful of that. As you know, we are in new territory here and in the process of calculating declining expectations in primary revenue streams against support opportunities in government-sponsored loans and grants. We remain very hopeful that impacts will be minimal. As mentioned previously, FXC will meet on Monday and determine a time and mechanism for a non-business faculty meeting later in the week where we can discuss this and other matters.
- Correction: Please note that we will maintain only those holds that stagger registration days depending on credit progress.

Stay safe and well,

Steve
