

March 16, 2020

Greetings,

The Office of Residence Life wants to take this opportunity to address the many questions students are having regarding COVID-19 and the impact it is having in on-campus housing and dining.

The Residence Halls are remaining open and fully operational at this time. Campus Dining has adjusted the [service schedule](#) to accommodate for regular sanitation. Additional steps are being taken to increase cleaning and sanitation in both of these areas to help reduce the spread of COVID-19. These steps include regular sanitation of residence hall common areas (hallways, lounges, community use bathrooms, front desks, and laundry rooms) and the campus dining facilities.

RMC, including the Residence Life Department, will continue to work hard to provide updates as necessary. Please pay special attention to www.rocky.edu, residence hall bulletin boards, and emails from faculty and staff. Additionally, residence life would like to encourage you to sign up for the [Residence Life Remind App](#) for text updates and reminders regarding the residence halls.

To help us best serve our residential students during this time, please update us with your plans as it pertains to on-campus housing by filling out the [RMC Student Return To Campus Update Form](#) (any person who does not complete form will have their card access suspended until further notice).

Please take some time to review the [Residence Life COVID-19 FAQs](#).
