

April 24, 2020

Good afternoon,

I hope you are well and finishing the semester strong; it is hard to believe that we have just two short weeks remaining in this unforgettable term. I hope too that you've reached out to your faculty and the student support team members when challenges have arisen. I urge you to continue to seek needed support in these final weeks. All academic and student support resources can be found by following this link: [Support Services](#). I've appreciated hearing from so many of you over these past weeks; please continue to let me know if I can be of assistance as well.

The primary goal of today's update is to encourage you to think about Fall student leadership and work opportunities. An unfortunate artifact of our rapid transition to the online environment is that our traditional recruitment activities for positions like L.E.A.P. Mentors, Resident Assistants and Orientation Team Leaders, were not possible this spring. To address this shortcoming and to ensure all students have an opportunity to apply, I have attached the "Student Leadership Roles" announcement to this post. Inside you will find brief position descriptions and links to the application process for many of the positions available in the fall (you can also find the document on our web site by clicking [here](#)). If you are interested in pursuing one of our paid student leadership opportunities, I urge you to consider applying for a position today.

If you are looking for work such as a summer job or professional employment upon your graduation, the Career Services office provides a variety of services to assist you. Follow this link: [Career Link](#) to the Career Services jobs portal, a site that provides additional work opportunities and connects you with those application processes. Help with resume writing, interview preparation and job hunting can be found here: [RMC Career Services](#). Please take advantage of our career resources and leadership opportunities; I think you'll be glad you did.

And finally, I want to encourage any and all students interested in student leadership to consider joining us for the annual **Student Leadership Summit**. The Student Leadership Program offers a 48 hour leadership retreat at a camp in the Beartooths and is open to all students. The Summit focuses on your growth and development as a leader, connecting with other student leaders, and gives students tangible practices to make a positive impact in their roles on campus. The Summit will run from Friday, August 28, through Sunday, August 30. There is no cost to attend. If you are interested, email Tim Lohrenz at lohrenz@rocky.edu or Steven Peterman at steven.peterman@rocky.edu for more information.

Please continue your hard work and stay safe. We are all eagerly looking forward to seeing you again here on-campus very soon.

Sincerely,

Brad
